

Lily's Labradoodles

Adoption Application & Reservation Policy

Thank you for your interest in welcoming a Lily's Labradoodles puppy into your family. Please review our Deposit & Reservation Policy and Puppy Selection Process below, then complete the Adoption Application that follows to begin the process of adopting your puppy.

Deposit & Reservation Policy

A \$500 deposit is required to reserve a puppy in an upcoming litter and to hold your picking spot. Your deposit is applied toward the purchase price of your puppy, and payment in full is due when the puppy reaches six (6) weeks of age.

You will select your puppy in person at approximately eight (8) weeks of age. If your puppy cannot be picked up at eight weeks, special arrangements may be made to hold your puppy for a specified period of time. These arrangements must be made prior to the scheduled pick-up day.

If no puppy meeting your preferences is available from the litter you originally reserved, you may transfer your deposit to another upcoming litter, subject to availability. If a puppy meeting your original request is available and you choose to opt out for any other reason, you have up to one year to apply your original deposit toward another litter. Please note that we cannot always accommodate requests for exact colors, specific markings, or the placement of those markings (for example, a fully masked face or similar).

Your deposit may be transferred one time, and any transfer should be made within three days of the birth of the puppies in your original litter, so that other prospective families may be offered your spot. If we are unable to offer you a puppy within a reasonable time frame — twelve (12) months from the date of your deposit — your deposit will be returned. Deposits are otherwise non-refundable.

Puppy Selection Process

- We typically accept five to six (5–6) deposits per litter, and reserve the option to hold any puppy back for our future breeding program.
- We do not reserve puppies by color, size, or sex within a litter. Reservations are made for a specific litter only.
- Puppies are selected in the order that applications and deposits are received. Once assigned to a litter, you will be given a picking spot — the order in which you will choose your puppy from that litter.
- Final payment is due when the puppy is six (6) weeks old.
- You will choose your puppy and take it home at approximately eight (8) weeks of age. If pick-up at eight weeks is not possible, arrangements to hold your puppy may be made in advance; a holding fee of \$75 per day applies.

Deposit Payment
